**Re: WC Docket No. 14-58  
2015 ETC Annual Report of Totalcom Communications LLC  
Study Area Code 442060**

Dear Ms. Dortch:

On behalf of Totalcom Communications LLC (“Totalcom”), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission’s rules.<sup>1</sup> Totalcom seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.<sup>2</sup> The redacted version is also being filed this date via the FCC’s Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of its Progress Report on its Five-Year Service Quality Improvement Plan as required by Section 54.313(a)(1).<sup>3</sup>

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall

**Re: WC Docket No. 14-58  
2015 ETC Annual Report of Totelcom Communications LLC  
Study Area Code 442060  
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Totelcom Communications LLC ( “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,<sup>1</sup> withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).<sup>2</sup>

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).<sup>3</sup>
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2015 Report.<sup>4</sup>
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."<sup>5</sup> The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

---

<sup>5</sup> See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall

**Compliance – Voice and Broadband**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”<sup>2</sup> The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”<sup>4</sup>

Totelcom Communications, LLC (“Company”) hereby certifies that its voice service complies with applicable service quality standards and consumer protection rules under the Texas Administrative Code, Title 16, Part II, as established by the Public Utility Commission of Texas. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff which discloses rates, terms and conditions of service to customers pursuant to Subchapter J requirements in Sections 26.201-26.230; (2) adherence to state consumer protection requirements

<sup>2</sup> *Id.* at para. 28.

<sup>3</sup> *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

governing telephone providers as identified in Subchapter B, in Sections 26.21-26.37; and (3) service quality standards requirements as identified in Subchapter C, Sections 26.51 -26.57. In addition, the Company complies with numerous federal consumer protection standards including, but not limited to: (1) Truth-in-Billing Rules outlined in 47 CFR § 64.2401; and (2) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

For its broadband service, Company hereby certifies that while there are no applicable state broadband service quality standards and consumer protection rules yet established under the Texas Administrative Code by the Public Utility Commission of Texas, the Company discloses rates, terms and conditions on its public web site and the Company complies with applicable federal and state customer protection standards generally applicable to all businesses operating in Texas. In addition, the Company adheres to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

**Response to Line 610 - Ability to Function in Emergency Situations for Voice and  
Broadband**

Totelcom Communications, LLC (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)<sup>1</sup> and the Texas Administrative Code. Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations also allows Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, Company is able to function under emergency operations in accordance with Public Utility Commission of Texas Substantive Rules §26.51 *Reliability of Operations of Telecommunications Providers* and §26.52 *Emergency Operations* which include obligations for continuity of service and emergency operations planning and service provision capability for dominant carriers. Any central office not equipped with permanently installed standby generators contains as a minimum four hours of battery reserve without voltage falling below the level required for proper operation of all equipment. In addition, all central offices without installed

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

emergency power facilities have a mobile power unit available which can be delivered and connected on short notice.

Company's standby generators and battery back-up equipment support both voice and broadband network equipment in the event of an emergency situation.

**LOCAL EXCHANGE SERVICE**

**IV. LIFELINE PROGRAM**

The Lifeline Program is a retail local service offering designed to make telephone service available at reduced rates to qualifying low-income customers.

**A. General**

1. A qualifying low-income customer subscribing to the Lifeline Program shall receive federal and state reductions to their monthly tariffed residential local exchange access line rate.

2. Nothing in this section shall prohibit a customer who is otherwise eligible for the Lifeline Program from obtaining and using telecommunications equipment and services designed to aid such customer in utilizing qualifying telecommunications services.

3. Lifeline Program reductions do not apply to surcharges, taxes, long distance service, 976 and other information related telecommunications services, and optional services such as custom calling features. Customers may obtain these services, where available, at their discretion.

4. Assistance is provided to the qualifying low-income customer by:

T

D  
D

a. A one-year, non-interest assess, deferred payment plan for payment, up to \$200, of service connection charges associated with the establishment of telephone service for the qualifying low-income customer. Service connection charges include those charges, specified in Section 2 of this tariff, customarily assessed for the establishment of telephone services.

**A. General (Continued)**

5. The Company may not disconnect a Lifeline Program customer's service for the non-payment of toll charges. However, the Company may implement toll blocking, at no charge, if the customer incurs a significant balance of unpaid toll bills. The Company will inform the customer, by direct mail, of this change to their service due to the customer's non-payment of toll charges. If the customer pays all outstanding toll charges, the Company shall remove mandatory toll blocking at no charge.

T

6. Upon subscribing to the Lifeline Program, a customer will be offered a subscription, at no charge, to toll blocking service (in exchanges where technically available) which denies the customer access to the long distance telecommunications network; however, the customer is under no obligation to accept the subscription to toll blocking.

T

7. The Lifeline Program rate reductions will not be available on a retroactive basis unless approved by the Public Utility Commission of Texas or the Low-Income Discount Administrator (LIDA).

T

8. Lifeline customers will not be assessed the monthly local number portability charge which is subject to National Exchange Carrier Association, Inc. Tariff No. 5.

T

**B. Designated Lifeline Program Services**

The Company shall offer voice telephony services that provide the following functionalities as designated Lifeline Program services:

T

1. Voice grade access to the public switched network or its functional equivalent
2. Minutes of use for local service provided at no additional charge to the customer
3. Access to emergency services
4. Toll blocking service

**1. Qualifying Low-income (Eligible) Customer Criteria**

An eligible customer shall be defined as an individual whose annual household income is at or below 150% of the federal poverty guidelines or in whose household resides a person who receives or has a child who receives benefits from at least one of the following programs:

- a. Medicaid
- b. Supplemental Nutrition Assistance Program ("SNAP" f/k/a Food Stamps)
- c. Supplemental Security Income (SSI)
- d. Federal Public Housing Assistance (FPHA) or Section 8
- e. Low-Income Heat and Energy Assistance Program (LIHEAP)
- f. Health benefits coverage under the state Children's Health Insurance Program (CHIP)
- g. National School Lunch Program's Free Lunch Program
- h. Temporary Assistance for Needy Families

N

N

The Lifeline Program rate reductions will be provided per eligible customer. The Low-Income Discount Administrator (LIDA) will provide a list of eligible customers to the Company each month.

**2. Obligations of the Customer**

a. Customers whose annual household income is at or below 150% of the federal poverty guidelines or who participate in FPHA or LIHEAP programs may self-enroll for Lifeline Program benefits by completing an application form and returning it to LIDA. LIDA will send a blank application upon customer request. LIDA can be reached at 1-866-4LITEUP. Current customers receiving benefits under Medicaid, SNAP, SSI or CHIP will be subject to the Lifeline Program automatic enrollment procedures as provided by the LIDA unless they provide a written request to the LIDA to be excluded from the Lifeline Program.

T

b. A customer who is eligible for the Lifeline Program but does not have telephone service at the time the LIDA provides its eligibility list to the company, shall be responsible for initiating a request for the Lifeline Program from the Company.

**3. Obligations of the Company**

LIDA will provide a list of eligible customers to the Company on a monthly basis. Upon receipt of the list, the Company shall begin reduced billing for those customers within 30 days.

**4. Discontinuance of Service**

a. Discontinuance of Lifeline Discounts for customers automatically enrolled. The eligibility period for automatically enrolled customers is the length of their enrollment in Texas Health and Human Services Commission (THHSC) benefits plus a period of 60 days for renewal. Automatically enrolled customers will have an opportunity to renew their THHSC benefits or self-enrollment with LIDA upon the expiration of their automatic enrollment.

b. Discontinuance of Lifeline Discounts for customers who have self-enrolled. Individuals not receiving benefits through THHSC programs, but who have met Lifeline income qualifications, are eligible to receive the Lifeline discount for seven months, which includes a period of 60 days during which the customer may renew their eligibility with LIDA for an additional seven months.
